

Single Tumble Dryers

Our tumble dryers are built with a single purpose: performance. They are specifically designed with fewer moving parts, so you'll face fewer maintenance issues over their lifespan.

- A high performance heater box delivers maximum efficiency, drastically reducing drying times and saving you money
- Patented oval cylinder perforations prevent small metal objects from passing through and damaging the dryer's sweep sheets
- Extra-large doors and heavy-duty hinges stand up to the repeated use of high-traffic vended laundries
- The fine mesh lint screen is self-cleaning, depositing lint into a large storage area for easy, once-per-day removal
- Inverter-driven motor

Quantum® Gold Control

Offers five basic cycles and benefits such as PC programming and machine audit capabilities, as well as time-of-day pricing, and a lucky cycle for loyal customers. As gas prices continue to rise, Quantum Gold enables owners to set dry cycle times right down to the second for maximum profitability.
