

Single Tumble Dryers

Our tumble dryers are built with a single purpose: performance. They are specifically designed with fewer moving parts, so you'll face fewer maintenance issues over their lifespan.

- A high performance heater box delivers maximum efficiency, drastically reducing drying times and saving you money
- Patented oval cylinder perforations prevent small metal objects from passing through and damaging the dryer's sweep sheets
- Extra-large doors and heavy-duty hinges stand up to the repeated use of high-traffic vended laundries
- The fine mesh lint screen is self-cleaning, depositing lint into a large storage area for easy, once-per-day removal
- Inverter-driven motor

Quantum® Touch Control

Reimagine your laundry experience with the Speed Queen Quantum Touch display. Clear, easy to use, easy to understand directions with profitable cycle modifiers enhance your customers' experience and increase return on investment.
